

NEW NORMAL PRACTICES

The following practices are based on the World Health Organization (WHO) and International Maritime Organization (IMO) guidelines. Compliance is mandatory when you board Sea Safari Cruises ships. Please call or email our support desk with any questions or concerns.

General Measures for Guests and Crew

- Comply with standard infection protection and control precautions related to hygiene:
 - Hand-washing using the 20-second hand-washing rule with hot water and soap
 - Use of hand-sanitizer
 - Avoid touching your face, particularly eyes, nose, mouth with your hands to prevent from getting infected
 - Cough/sneeze into the bend of your elbow
 - If you use a tissue, discard of it properly and wash/sanitize your hands immediately
- Avoid close contact with anyone who is or appears unwell or shows COVID-19 symptoms (e.g. cough, fever, shortness of breath, etc.)
- Maintain a WHO recommended social distance of at least 1 metre between yourself and others
- Wear face protection in all public areas
- Avoid shaking hands, do not share food, drink, utensils etc.
- Cleaning routine will be increased by our crew especially on high contact, high frequency touch areas (door knobs, counters, tables, chairs, etc.)
- Thorough disinfecting procedures will be applied between trips
- Hand sanitizer will be placed in various locations throughout the vessel
- Self-monitor your health condition. Immediately report any sickness symptoms to any crew onboard
- All areas on the ships will have been disinfected with vital oxide application
- Crew have been trained and are aware of the preventive measures

Preboarding Guidelines: before you leave your place of residence

- Be sure to monitor your health before leaving to travel to join us on the ship

- Check your temperature twice daily and keep records for 7 days before travel and inform us if you show any symptoms
- Inform us if you have tested positive for COVID-19 or show any symptoms before leaving to travel to join the ship
- Make arrangements to bring the necessary personal protective equipment (PPE) sufficient to cover the period of travel to the ship

Prior to boarding one of our ships

- Properly dispose of any single-use PPE used during travel (only that which cannot be washed/disinfected)
- We will check your temperature during check-in time
- Those who exceed 38 degree Celsius or exhibit any of the COVID-19 symptoms are not allowed to embark to prevent potential infection
- Please wear face protection in all public spaces

Onboard our ships

Practice shipboard self-distancing (SSD), as far as possible, that might include:

- Avoiding all non-essential contact or close proximity with others on board
- Please wear face protection at all times

Meal Times & Entertainment

- Maintain physical distancing of at least 1 meter during meal times and entertainment
- Avoid sharing utensils, food or drinks with other people
- Dispose used tissue to the designated bins
- Wash/disinfect your hands before and after meals

Preventive Action Plan

Suspected infected crew/guest onboard will commence an immediate isolation to a private area. The patient will be provided with a medical mask and should remain isolated until transferred to an appropriate health facility.

Disembarkation

Maintain self-distancing with other people and don't forget to remain hygienic.

As the situation with COVID-19 evolves, we will continue to adapt and improve the measures we are taking.
